

ILLUMINATED PROJECTING SIGNAGE.

Commonly seen on high-streets throughout the UK, this type of signage is designed to draw attention from afar.

Uniquely designed and well engineered, our wall mounted projecting signage is completely bespoke and unlike no other within the sign and graphics industry.

- All Illuminated Projecting Signage is powder coated on site, to a RAL colour of your choice.

Wall

Internal frame constructed out of 3mm aluminium, which provides strength and rigidity.

Lightweight, fabricated box which locates on the internal frame.

Multiple finishes available including; fret cut lettering, push through lettering and halo illumination.

Heritage. Knowledge. Service.

WS PRINTED UK | 0217 |
