

STYLOS.

A Multi-functional fingerpost sign system.

SMITH
Makers Since 1832

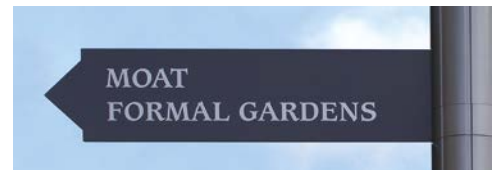

CAPS

Personalise your Stylos fingerpost system with a customised cap design or select from a number of standard options.

ARMS

Finished to a style of your liking and vandal resistant due to the innovative fixing method, these arms can be positioned in one of eight different directions without the worry of them being tampered with.

POSTS

Constructed from extruded aluminium, the fluted post is 107.5mm in diameter and features an inner spigot which allows arms to be positioned with a hidden fixing and fillet pieces.

COLUMN BASE

Select from two column base options to suit your design, if you would like to discuss a bespoke design then please contact us.
